## Stuyvesant Greek Revival

Stuyvesant, New York

Hudson River Views! One of first houses built in the area, this Greek Revival treasure still has the original ca.1750 colonial facade overlooking the Hudson. Once inside this 2002 sf 3 bedroom, 2.5 bath home, you'll find beautifully renovated sun-filled rooms with doors leading to open porches that sweep your focus toward the view. The graceful progression from the entry to the dining area, to the music room, to the large

living room with its inviting fireplace, to the spectacular chef's kitchen with its dramatic cathedral ceiling (and 2 dishwashers!) makes this a deluxe entertaining space. The large master bedroom suite has a working fireplace and a luxurious European style bath. A discreet picket fence and sumptuous, perennial-laden front gardens screen you from the road. A beautiful and stylish country showcase! EXCLUSIVE
